Dear Tatiana Balbi Fraga,

The galley proof of your article, to be published in Software Impacts, will allow you to check the typesetting, editing, completeness and content. Any changes made by the copy-editor are available as tracked changes. To make any changes in the manuscript, please feel free to do so. The proof was made in the structured T_EX source that has been loaded. Once you receive the output, generated as a PDF, after compiling the T_EX source.

[USER MANUAL](#)[HELP](#)

Please make sure you do the following before you submit the proof:

Confirm that **given names** and **surnames** have been correctly presented in the desired order and please call all authors' names.

Switch on "Tracking" and verify all the "Edits" made.

Check and respond to all queries.

Create the final PDF after switching off the "Ignore changes" check.

To get started please click on the "Proceed/Resume" button below
